

Eco-Workcamp

Registration

William Penn House is holding our third Eco-Workcamp from June 22 to 27, 2010. This Workcamp is an opportunity to deepen our appreciation for the environment, the challenges we face, and opportunities to make a difference in everyday life while having fun. This is a multi-generational Workcamp; all ages are welcome, including families. Activities include service, river tour, education seminars, recycling at the Smithsonian Folklife Festival and other fun events.

Cost: \$300/person, includes program, lodging, and breakfasts. We will also be doing some group lunches and dinners.

Name: _____
